Concepts for, and Interest In, A New Type of Data-Based Electronic Journal

Issue Forum #2: Concepts for, and Interest In, A New Type of Data-Based Electronic Journal

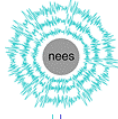

Resolutions

- NEES should continue the process needed to develop this E/Data-Journal
- The E/Data-Journal should be open to both NEES and non-NEES research
 - Not a “club” journal
 - This will be somewhat of a burden for non-NEES authors

Issue Forum #2: Concepts for, and Interest In, A New Type of Data-Based Electronic Journal

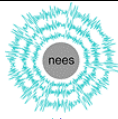

Resolutions

- Linkage with an existing journal should be explored
 - EERI Spectra
 - Special Issues or Theme Issues
- Data curation is a critical component of this concept
 - Prior to publication (submittal)

Issue Forum #2: Concepts for, and Interest In, A New Type of Data-Based Electronic Journal

Resolutions

- NEES Inc consider ear-marking resources (\$\$) to assist with data curation and review
- Overall goal would be to speed up publication and provide a mechanism to highlight NEES and experimental work
